PLANT FOR VICTORY

In addition to our own needs, the people of our Nation are called on to produce food for our allies, the war-torn countries of Europe. This demand will not end when this War is over but it will be necessary for us to feed the people of these countries until they can again build up their agricultural production to a pre-war basis, therefore it is essential that all canned, dried and frozen fruits and vegetables be rationed, every home owner can help by growing his own fruit and vegetables. You will be surprised how soon fruit trees and small fruits planted this spring will begin to bear fruit.

We have spent much time in selecting varieties of fruits that will bear and grow well in this locality. We grow most all the fruit trees and small fruit plants we offer for sale here in our nursery at Shawnee, therefore they are acclimated to this area and should give you excellent results.

APPLES

3 year trees, 6 ft. tall @ \$1.00 each

CALIFORNIA-GROWN ROSES

Every rose listed in this catalog is strictly No. 1 two-year field California grown, and all Hybrid Tea Roses will bloom the First Year. No better roses can be bought at any price.

We advise planting Dormant Roses between the dates of March 10th and April 15th, and planting dormant bushes

in preference to potted bushes. When planting early, however, we have potted roses and recommend them for late planting.

For a small additional cost, we will plan and plant your rose garden for you.

HYBRID TEA ROSES

2 Year Field Grown Dormant—\$. 50 Each. \$5.50 per Dozen
2 Year Field Grown Potted—\$. 75 Each. \$8.00 per Dozen
These Roses are Strictly No. 1 and Will Bloom the First Year.

SHADES OF RED

Ami Quinard. A tall, vigorous grower and profuse bloomer. One of the darkest red varieties, velvety crimson-maroon.

Chas. K. Douglas. A free flowering variety, scarlet-crimson, strong, bushy.

Christopher Stone. Fragrant, velvety, red, free blooming.

E. G. Hill. Large, extremely double, lasting deep scarlet, does not fade or blue, but intensifies with age. Vigorous, upright, profuse.

Francis Scott Key. Extremely large, very double, rich crimson.

Etoile de Holland. Dark, velvety red, a good grower; large flowers, fragrant.

Gipsy Lass. Dark glowing scarlet-crimson, many fragrant, well-shaped double blooms are borne on strong upright growing plants.

Grenoble. Deservedly popular because of its profusion of long-stemmed beautifully shaped blooms of scarlet-crimson.

Cruss an Teplitz. Intensely fragrant, medium sized blooms of dark, velvety scarlet.

Hoosier Beauty. Vigorous, upright grower, continuous bloomer; deep scarlet with extremely dark shadings.

McGredy's Scarlet. Brilliant scarlet shaded rose-pink; a vigorous grower.

Margaret McCredy. A continuous bloomer; large, double, orange-scarlet.

Night. Very fragrant, deepest crimson, shaded maroon.

Padre. A strong upright grower bearing coppery scarlet blooms.

Radiance Red. A vigorous, glowing crimson sport of radiance.

Rouge Mallerin. Double, well formed blooms of lasting deep red.

Sensation. Very large, double dark crimson blooms.

Southport. A brilliant unshaded, scar-

let; fine tea scented.

Syracuse. A very vigorous, upright grower. Scarlet crimson.

Victoria Harrington. Velvety dark red intensely fragrant blooms, on vigorous, free flowering plants.

SHADES OF PINK

Briarcliff. A clear pink sport of Columbia.

Columbia. Long pointed bud, fragrant, deep pink.

Dame Edith Helen. A vigorous grower with large, extremely double blooms, growing clear pink.

Editor McFarland. Shapely buds and double brilliant pink blooms.

Edith Nellie Perkins. Light cerise pink, inside suffused gold.

Glowing Carmine. Carmine, strong grower; blooms freely.

Imperial Potentate. Large deep rose-pink; vigorous, profuse.

J. Otto Thilow. Perfect buds and full flowers of rich rose-pink.

Los Angeles. Perfectly formed long-pointed buds and full flowers of luminous, flame-pink toned coral and gold at base.
